1. Introduction

This document is intended to be a user guide for the Carrier Portal, which is a component of the API UAE Project provided by SITA INC.

The purpose of this document is to describe the registration process of General Aviation carrier.

The document will also describe various functions of Carrier Portal which can be used by General Aviation Carrier:

1. General Aviation Registration Process
2. Add/open a new service
3. Open a new Schedule
4. Individual Check-in Process of GA carrier
5. Batch Upload Process of GA carrier
6. Verify/Enquiring the uploaded batch

This volume is prepared and will be maintained by SITA on behalf of APIUAE. Control of its release is the responsibility of APIUAE.

2. General Aviation Carrier Registration Process

The Registration process will allow a new carrier to register details of their company, and of the administrator who will manage users within the company

1. Open Carrier Portal Website from your browser,
site: <https://carriers.apiaae.gov.ae/ucp/login.form>

And click on the [Request Carrier Registration](#) hyperlink as shown in below screenshot.

2. In the next Screen , Specify the Carrier type of your carrier: **Air/General Aviation/Ship/Bus**
 - Select **Carrier Type: General Aviation** from the drop down menu for Private Airline/Jets as shown below.

The screenshot shows the 'Request Carrier Registration' form on the NAI CENTER website. The form includes the following fields and options:

Carrier Type*	General Aviation
Carrier Code*	GAA
Carrier Name*	General Aviation
Enable Individual Transactions	<input checked="" type="checkbox"/> APP <input type="checkbox"/> CTA
Enable Batch Transactions	<input checked="" type="checkbox"/> APP <input type="checkbox"/> API <input type="checkbox"/> CTA

Buttons: Next, Clear, Back

Now the important step is to activate this Carrier and Administrator account created above.

5. Airline/Carrier needs to contact **APIUAE Call center Team** to activate their Carrier and provide the Administrator account details by dropping mail to APIUAEcallcenter@manafth.ae mail id.

6. The API Call center team will provide the login credential for the carrier portal.

User can then be logged into to Carrier Portal Website with these login details and use the Carrier Portal's functionalities like submitting batches/opening schedule/creating new carrier user accounts.

CP login Details:

Carrier Code: GAA

User Id:GAA001

Password:***** (Provided by **APIUAE Call center Team**)

Carrier Portal

Log-in to Secure Site

3. Add New Service on Carrier Portal

Before opening any schedule or to submit any APP records of either crew or Passenger, **User needs to open/add new Service first.**

To Add new Service:

1. Login to Carrier Portal website.
2. In the Main Menu Page. Click on **“Add New Service”** to register a GA carrier.

Kindly Note: To understand the functions of all the Buttons under Menu Page in details please refer the API UAE Carrier Portal User Manual Guide.

3. Enter the unique **call sign** number (Aircraft number). Enter the Aircraft Description and click on “create” button.

Carrier Portal
 Add Service - General Aviation

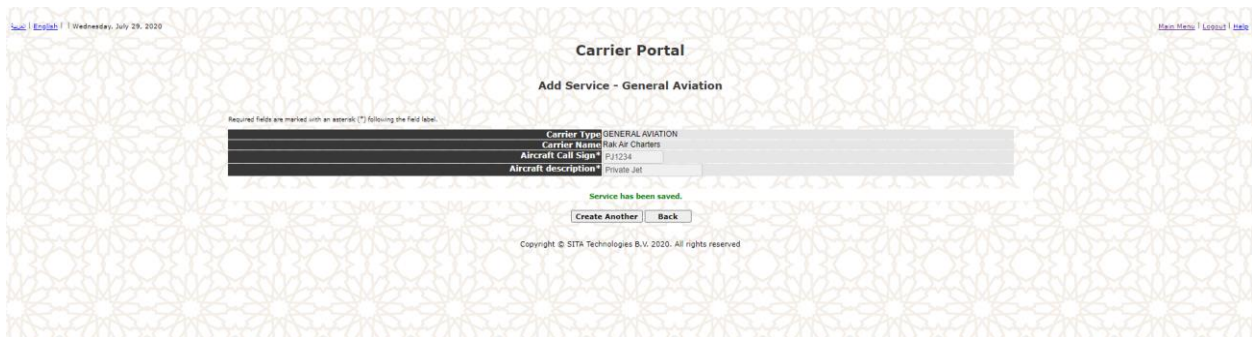

Required fields are marked with an asterisk (*) following the field label.

Carrier Type	GENERAL AVIATION
Carrier Name	Rak Air Charters
Aircraft Call Sign	PJ1234
Aircraft description	Private Jet

Service has now been opened.

1. If user now wants to do **individual APP check-in** of passenger via Carrier Portal, he may **follow Section 4 and Section 5** below i.e. To open a Schedule first and then submitting individual APP Records.

OR ELSE

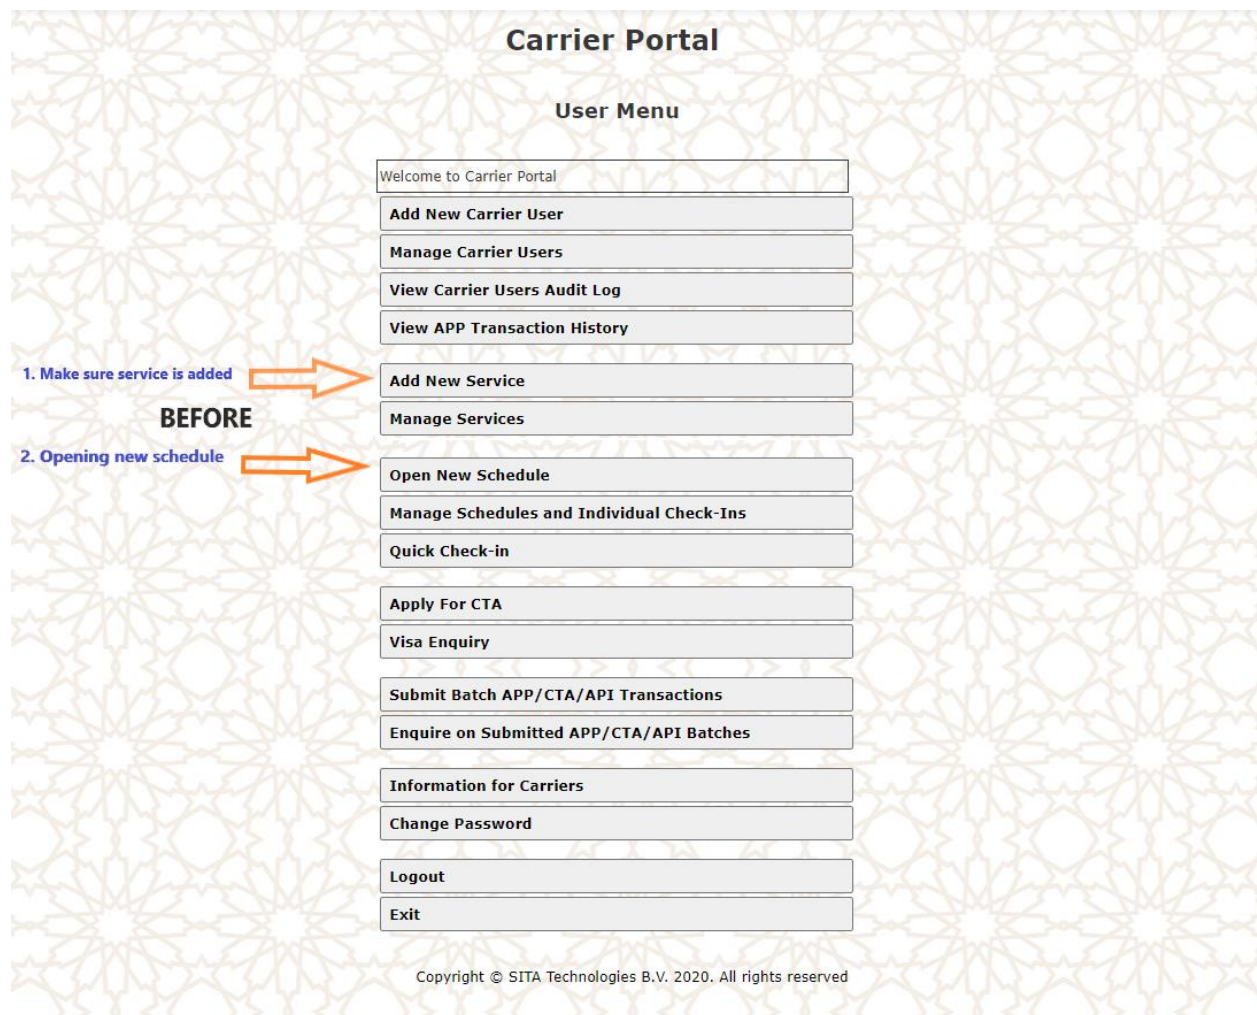

2. If user wants to perform **Batch APP check-in** i.e to upload Batch file containing many records, he may **follow Section 6 (Page no 21)** below.

4. Open New Schedule

Please make sure before Opening new schedule, you have followed “**Add New Service**” process as shown in Section 3 above.

To open New Schedule please follow below steps.

1. Click on **Open New Schedule** to open a new schedule

Carrier Portal

User Menu

- Welcome to Carrier Portal
- Add New Carrier User**
- Manage Carrier Users
- View Carrier Users Audit Log
- View APP Transaction History
- Add New Service**
- Manage Services
- Open New Schedule**
- Manage Schedules and Individual Check-Ins
- Quick Check-in
- Apply For CTA
- Visa Enquiry
- Submit Batch APP/CTA/API Transactions
- Enquire on Submitted APP/CTA/API Batches
- Information for Carriers
- Change Password
- Logout
- Exit

1. Make sure service is added →

Kindly Note: The Boarding directive can be positive like OK TO BOARD, BOARD IF DOC OK or negative as well like DO NOT BOARD, CONTACT UAE GOVERNMENT.

The following figure provides a summary list of all the messages which may be sent in response to a check-in request and a description of what you should do in response to this message:

Message Group	Directive and Description
APP Communications Error	Error. An attempt was made to send a message to the AP, but no connection was able to be made. Revert to manual process.
	Error. An attempt was made to send a message to the AP and that was successful. However, no response was received back within the configured timeout period. Try again (within operations guidelines).
AP Error	Error. An attempt was made to send a message to the AP and that was successful. However, the message contained an error: the type indicated by the value of the 6 series error code.
Insufficient Data	Insufficient Data. If the AP does not receive all the data it requires for the check-in transaction it will return an 8516 message and an Insufficient Data directive. Complete the data.
Normal Response - Positive	OK to Board. Allow to travel.
	Board if Docs OK. Allow to travel if travel document is OK.
	Override accepted. Allow to travel.
Normal Response - Negative	Do not Board. Do not allow to travel.
	Contact Government. Contact UAE government operations centre.

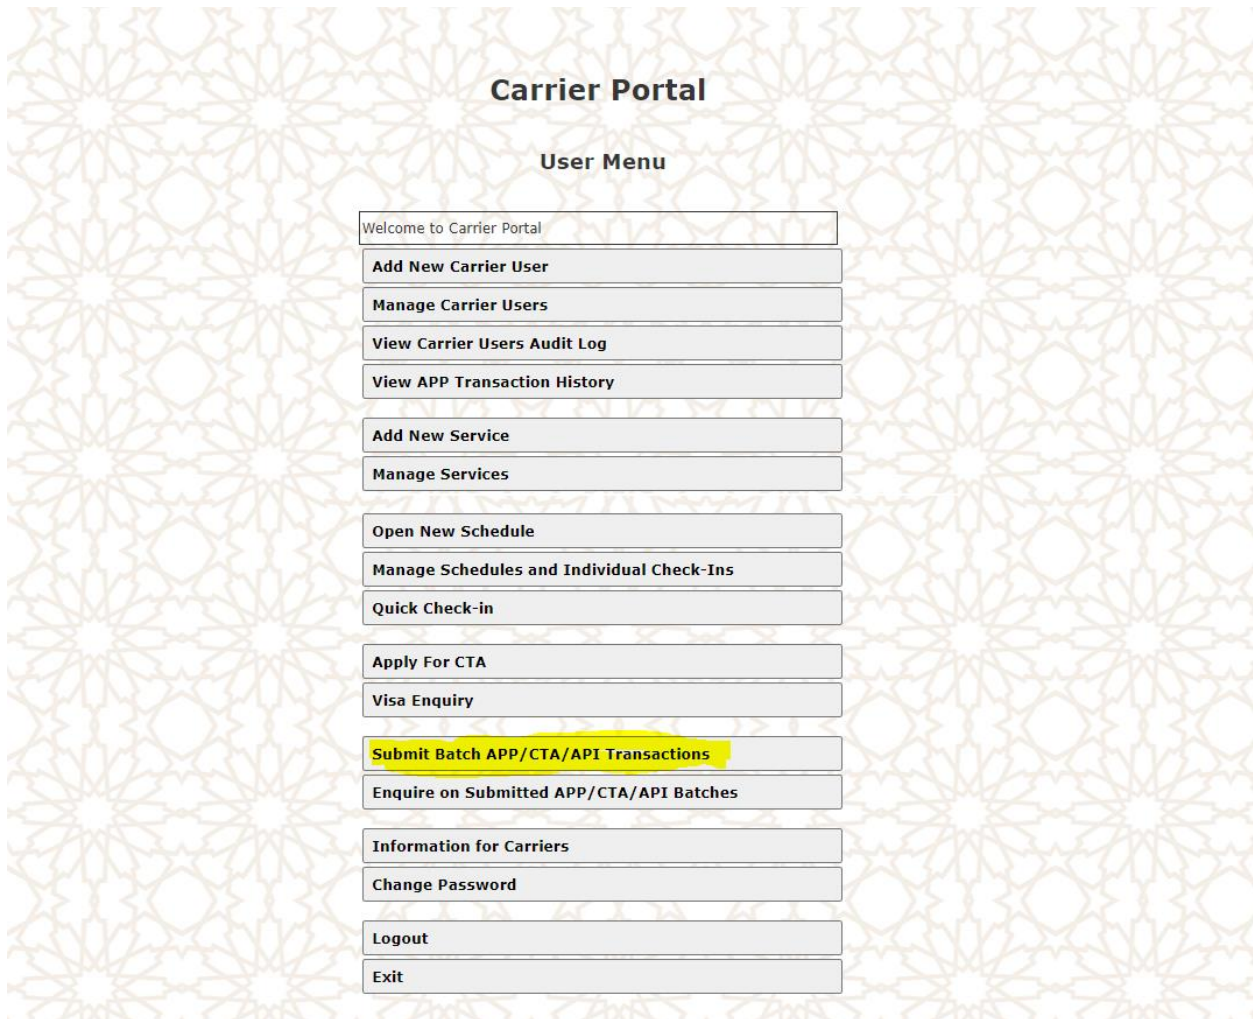

Please go through with the CP User Manual (APPENDIX D) to understand the error messages code in details.

6.APP Batch Upload Process

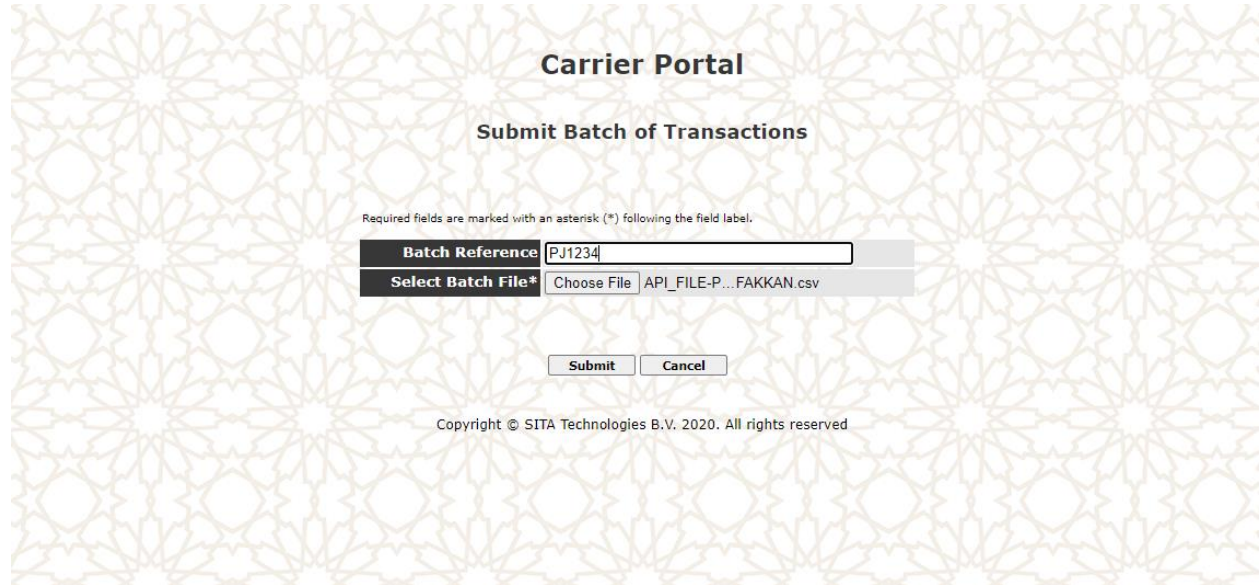

Please make sure before submitting APP batch,you have followed “**Add New Service**” process as shown in Section 3 above.

To upload APP Batch file:

1.In the Main menu page, Click on “**Submit Batch APP/CTA Transactions**”.

2. Provide **your batch reference** to the submitting batch. Click on **Browse** button and locate your batch file. Click submit.

Carrier Portal

Submit Batch of Transactions

Required fields are marked with an asterisk (*) following the field label.

Batch Reference

Select Batch File* API_FILE-P...FAKKAN.csv

8. Flight Close Procedure

The Flight Close function allows you to request the generation of a manifest message for a flight, indicating that it is closed. There are two functions, one for inbound flights and one for outbound. The generation of the requested manifest message is performed on the Application Processor and will be transmitted to the appropriate government system in the required format without further involvement from you. A manifest request may be generated by directly selecting the Flight Close menu item or alternatively by selecting the ‘Close Service’ button after checking-in the last passenger on a flight.

To generate a Flight Close, perform the following:

1. From the APP Function Menu screen, click the “Service Management and Individual APP Transactions”. The system displays the List Services screen.
2. Enter the flight service details then click the “Search” button. The search results will be displayed as follows:

Carrier Portal

Search For Schedules

Direction: All

Aircraft Call Sign: []

Service Status: Any

Departure Port: []

Departure Date Range: [] [] Format DDMMYYYY

Departure Time Range: [] [] Format HHMM

Arrival Port: []

Arrival Date Range: [] [] Format DDMMYYYY

Arrival Time Range: [] [] Format HHMM

Search Open New Schedule Back Print

Click on radio button to select

Aircraft Call Sign	Direction	Status	Departure Port	Arrival Port	Foreign Port	Departure Date/Time	Arrival Date/Time
<input type="radio"/> PJ1234	I - INBOUND	OPEN	DEL	DXB	ARE	29-07-2020 11:11	29-07-2020 22:22

3. Choose the flight to close by clicking the corresponding radio button on the screen.
4. Click on the “Close” button to send the request. Alternatively, click the “Menu” button to return to the APP Function Menu screen.

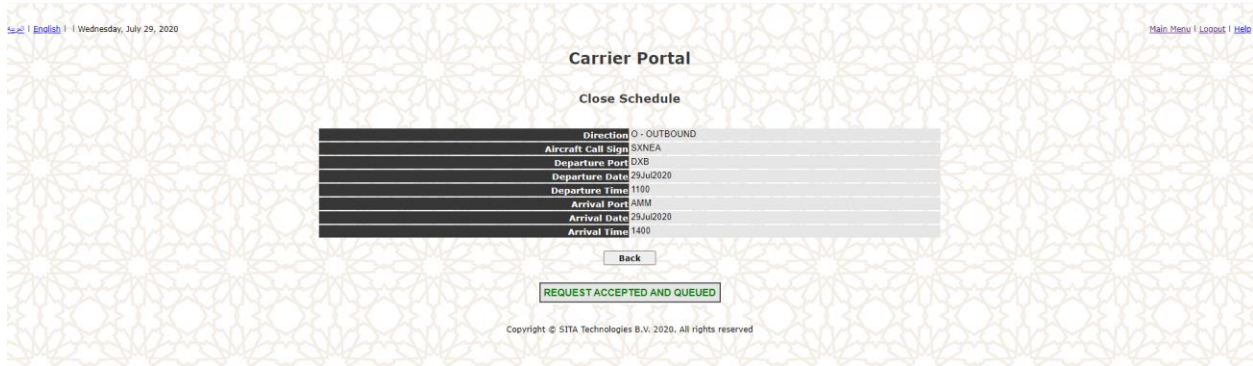

Upon submission the application commences processing the request. You may receive one of the following responses:

8.1 APP Communications Error

If there is no network communication, you can either attempt to perform another request by clicking on the 'Back' button, or alternatively click on the 'Menu' button to return to the APP Function Menu screen.

8.2 Request Accepted and Queued

If the system is able to successfully submit the Flight Close to the AP and there are unclosed expected movements for the submitted flight, the Flight Close is placed in the queue and the following screen is displayed:

The only option you have from this screen is to click the 'Back' button and return to the APP Function Menu.

8.3 No Movements Found

If the system is able to successfully submit the Flight Close to the AP but finds that there are no unclosed expected movements for the submitted flight

Appendix A - APP Batch format

Please click on the icon below to download the Sample Batch File for GA Carrier you can refer.

Appendix C- SUPPORT

Technical Support

For any technical errors from the Carrier Portal the following SITA support contacts should be used.

SITA Contact Centre

In The United Arab Emirates contact phone number is **800-0441-4089**, then dial zero and enter the key **611**.

For other contact numbers please refer to www.sita.aero/content/call-us-support, then dial zero and enter the key 611.

For any other country not listed above, please call +1 514 282 6128, then dial zero and enter the key 611.

Email: ssd.amm.gsl@sit.aero.

Login Support

For problems related to Usernames or Passwords please contact your Carrier Portal Administrator of your carrier.

If you are a Carrier Portal Administrator and are experiencing problems with your Username or Password please contact API UAE Centre on the following:

Within UAE: **800-API-UAE** (800-274-823).

Outside UAE: **00971 800-API-UAE** (00971 800-274-823).

Email: APIUAEcallcenter@manafth.ae

Registration Support

For any registration enquiries please contact API UAE Centre on the following:

Within UAE: **800-API-UAE** (800-274-823).

Outside UAE: **00971 800-API-UAE** (00971 800-274-823).

Email: APIUAEcallcenter@manafth.ae
